MAJOR BUSINESS

6. PRINCIPAL’S UPDATE

NOTED a report from the Principal addressing:

- the response to the recent OfS consultations including on the introduction of student number controls, minimum eligibility requirements and lifelong learning entitlement
- Recognition of our outreach work to schools in Feltham which was referred to at a recent OfS event
- Graduation ceremonies held for students completing in 2020 and 2021; 3,500 students attended 27 ceremonies held over 9 days
- Our support for students from Ukraine, Russia and Belarus affected by the invasion of Ukraine and the College signing up as a supporting organisation to the City of Sanctuary Charter.

NOTED thanks to everyone involved in the organisation and running of the graduation ceremonies and those scheduled for July 2022. 22/74

DISCUSSED that a range of support was being provided to our Ukrainian (300) and Russian (100) students including financial help and support for current students with completion of assessments. NOTED that work was underway to submit a full application to become an accredited University of Sanctuary and the College already offered a Sanctuary Scholarship for an undergraduate student and was looking at ways to increase the number of scholarships available and developing ways of widening support for refugees and asylum seekers. 22/75

7. FINANCE

7.1 NOTED the current year financial report which was also considered by the Finance Committee at its meeting on 7 April 2022. 22/76
NOTED lower than budget operating expenditure as a result of underspends on staff and non-staff expenditure alongside higher than budget tuition fees and funding body grants.

DISCUSSED that there were 50% fewer January starters in 2022 compared to 2021. Management School offered fewer programmes this year in order to allow restructuring of programmes for January 2023. Information Security and Computer Science would be offering fewer programmes in 2023 in order to reposition the offering for 2024 January intake.

DISCUSSED that the College had a history of achieving a budget surplus and questioned whether it was due to overbudgeting. If future surpluses were more accurately planned it was considered that advance spending on campus projects could be better planned.

NOTED that this year's planning round was addressing the issue of conservatism in budget setting.

DISCUSSED the lower than budget spend on staff cost and questioned whether there were any limitations due to staff not being in position or any difficulties in recruiting the right staff?

NOTED that many universities were experiencing some difficulties recruiting for specific areas within Professional Services. A number of academic appointments had just been filled and it was anticipated that a good standard of all academic staff would be in place for the new academic year.

7.2 RECEIVED an oral update on Rusham Park NOTING that the Working group continued to meet every two months.

NOTED that the planning submission had been made, site demolition was in progress and the upgrade to the rail crossing standards had been completed by Network Rail. The bridge crossing the rail line was now being planned as a “flow bridge” which would be built on site and be quicker and cheaper to install.

NOTED the sequence for closing was being planned and likely to take place towards the end of the year. NOTING that funders may want the bridge to be in place before financial close,

NOTED that priority was being given to locking in costs to reduce the impact of current high inflation.

8. COLLEGE CULTURE

CONSIDERED a report on process, policy and safety on campus, for students and staff, in relation to racism and harassment.

NOTED that OfS guidance was the starting point for the development of the policies and process for students. The proposed approach exceeded the OfS expectations and would be included in the Student Futures Manifesto for launch in 2022/23.

DISCUSSED the complaints reported by students and the timescales for resolution of cases, including cases where Police were involved. NOTED that approximately 50% of cases involved the Police and College had recruited individuals with police force experience who could collect evidence at the right time and present a case for disciplinary action.
NOTED that emphasis was being placed on an immediate response, providing support as soon as a report is made. There were several interim measures that could be put in place to protect the complainant against any further abuse.

DISCUSSED that nearly two thirds of reports made were anonymous. Through RH BeHeard there was a reluctance on behalf of the complainant to give their name.

DISCUSSED that the RH BeHeard portal was due to be reviewed and would consider the issue of anonymity in reporting. There was always more work to raise awareness and to ensure students knew how to report and this would be communicated through the Student Futures Manifesto. There was also more work addressing consent, EDI, anti-racism and bystander training.

NOTED the expectation for staff behaviours in the Dignity at Work Policy and processes for staff reporting through the Grievance Policy which would be investigated under the Disciplinary Policy. NOTED also the Whistleblowing policy allowed staff to raise complaints if it was felt the College was not dealing appropriately with complaints.

AGREED to provide a further update after completing work on the reporting processes.

9. RISK and KPI MONITORING

NOTED the report of latest key performance indicators and status of milestones for the strategic plan. Eight of thirteen milestones were reported as complete, the remaining five were reported “in progress”.

DISCUSSED the KPI for inclusion and the Black and White gap, where further investigations were being conducted to understand why this remained a persistent gap and to identify the actions that might start to close the gap. NOTED that the cohort was small, data lagged behind performance and the gap was an issue for the HE sector which was looking for solutions.

NOTED the Schools Outreach, particularly the Feltham project, which was working in the Feltham school seeking to address awarding gaps at an early stage before higher education.

NOTED the report of focussed updates relating to the strategy implementation, provided an update on student numbers, professional services developments and the People KPI.

NOTED and DISCUSSED the student numbers update and actions being taken to address specific aspects of home and overseas PGT recruitment and UG student recruitment. Actions included repositioning, and setting new, targeted messaging to prospective students and driving growth through a push on change and development of new programmes.

DISCUSSED progress with the projects to gain efficiency and deliver the Professional Services target operating model. The project led approach, piloted in PGT admissions processing was showing results, and further projects including investment in new systems would drive efficiency. Finance Committee would discuss a framework for measuring benefit realisation and Strategy & Governance Committee would receive the PWC report.

DISCUSSED the External Engagement report on developing relationships and partnering activities for further discussion around prioritising engagement at the June Strategy session.
10. **IT RISK**

RECEIVED an update on the progress of key initiatives aimed at reducing institutional risk with respect to IT Infrastructure and Cyber Security.

NOTED the key risks, areas of high impact and the active mitigations in place.

Upgrading was in process and additional protection for back up was being provided. The risks to delivery and the mitigations were NOTED and the establishment of a roadmap to reducing risk.

DISCUSSED that infrastructure challenges were widespread in the sector and the cyber threat changed daily, presenting an ongoing challenge. Allied with a shortage of resources across the UK, the cyber threat was a challenge for all, not just the HE sector.

DISCUSSED that the roadmap was based on the aim of delivering consistency of service in upgrades rather than affordability and IT needs would be included in the capital spend of the budget.

NOTED the outstanding item of risk appetite for discussion by Council.

11. **GOVERNING INSTRUMENTS AND STATUS UPDATE**

11.1 NOTED receipt of a letter dated 10 March 2022 from the DfE confirming, on behalf of the Secretary of State, that Royal Holloway and Bedford New College had met the criteria for university title and should now approach the Privy Council to make any necessary changes to signify university title.

11.2 NOTED that Privy Council confirmed that, pending the Scheme, the College could reflect university title by amending the Statutes, and NOTED that Council had passed a special resolution to this effect in July 2019. However Privy Council confirmed that Council must repeat the special resolution to confirm that this was still the will of the current governing body.

NOTED that Council was notified of the intention to pass a first special resolution by email on 20 April 2022, 14 clear days before the meeting and that this meeting remained quorate to pass the resolution.

NOTED Council was asked to consider the following special resolution: In accordance with section 7 of the Royal Holloway and Bedford New College Act 1985 Council agrees that, subject to any alterations that the Privy Council may require, the College Statutes be amended Statute

AGREED the amendment to Statute 1:
- from the current definition: “College” means “Royal Holloway and Bedford New College” to
- "College" means "Royal Holloway and Bedford New College, a higher education institution which holds university title".

AGREED that at its meeting on 7 July 2022 Council would be asked to pass part 2 of the special resolution to amend the Statutes.

11.3 RECEIVED an update on degree awarding and the current DfE/OfS consultation.

NOTED the OfS consultation on the proposed new condition, B3, which set minimum performance standards were not a concern for the College as these were already met.
NOTED a further consultation on degree awarding powers and responsibility for the assessment of quality. Royal Holloway currently awards degrees of the University of London and the OfS proposal would result in UoL being required to assess the quality of the Royal Holloway programmes. The proposed condition would also wrap Royal Holloway quality data into that of UoL and, should degree awarding powers be withdrawn form UoL, there was a risk that Royal Holloway would also be affected. Consequently, consideration was being given to awarding Royal Holloway degrees for our own programmes.

AGREED further updates would be provided.
