

# MSci Environmental Geoscience with a Year of International Study (FP42) September 2016 intake

The purpose of this information sheet is to provide prospective students and applicants with further information about the nature of this degree, in order to help you decide if it is the right choice for you. Should you have any further questions, contact information is provided at the end of the flyer.

## Section 1 – degree programme structure

Awarding institution	Royal Holloway, University of London
Accreditation(s) (where applicable)	None
Standard length of degree	Four Years

The following table summarises the compulsory modules, which Royal Holloway refers to as mandatory course units, offered on this degree programme each year:

		Year 1				
	Methods of teaching Metho		Methods	ds of assessment		
Course unit name	Contact	Self-study	Written	Practical	Course-	Credits
	hours	hours	exam		work	
Global Tectonics	87	63	70%	0	30%	15
Introductory Sedimentology	102	102	70%	0	30%	15
Environmental Issues	82.5	82.5	50%	0	50%	15
Igneous and Metamorphic Geology	90	90	60%	30%	10%	15
Physics and Chemistry of Earth	90	90	70%	0	30%	15
Earth Structures	88.5	88.5	60%	0	40%	15
Maths for Geologists	109.5	109.5	70%	0	30%	15
Introductory Palaeontology	90	90	60%	0	40%	15
	Year 2  Methods of teaching Methods of asset		of assessme	nt		
				01 0330331110	110	
Course unit name	Contact	Self-study	Written	Practical	Course-	Credits
	hours	hours	exam		work	
Stratigraphy and History of Life	hours 75	hours 75	exam 60%	0	work 40%	15

Investigation						

The **fourth year of this degree programme** will be spent studying abroad. Royal Holloway has a number of formal partnerships with institutions in Europe and further afield. Students should be aware that placement at a host institution is a competitive process involving an application to the university abroad and this process is supported by Royal Holloway. This year forms an integral part of the degree programme. Marks obtained for courses taken at the institution abroad will be credited towards their degree.

In addition to these mandatory course units, there will be a number of optional course units available during the course of your degree. The following table lists a selection of optional course units that are likely to be available. Please note that although the College will keep changes to a minimum, new units may be offered or existing units may be withdrawn, for example, in response to a change in staff. You will be informed if any significant changes need to be made.

Year 1	Year 2	Year 3
None	Igneous and Metamorphic	Volcanology
	Geology	
	Applied Geophysics	Mineral Resources
	Structure Analysis and	Marine Geology
	Remote Sensors	
		Planetary Geology and
		Geophysics

As part of your degree programme you may be required to complete a course to develop your study skills, for example a course in academic writing skills. Courses such as these often do not carry credit but passing the course may be a requirement to progress to the next year of study.

## Section 2 — degree programme costs

H/EU tuition fee 2016/17*	£9,000
Overseas tuition fee	£15,200
2016/17**	
Other essential costs	£120

<sup>\*</sup>Royal Holloway reserves the right to increase UG HEU tuition fees in future years should this be permitted by the UK Government.

Page **2** of **3** 08/10/2015

<sup>\*\*</sup> Overseas tuition fees are likely to rise annually in line with inflation but no more than 5% per year. For further information please see Royal Holloway's <u>Terms & Conditions.</u>

### Section 3 – useful vocabulary

We understand some of the terminology used in this document may be new to you, and may differ from that used by other universities. To help with this, we have provided a brief description for some of the most important terminology:

*Degree programme* – Also referred to as 'degree course' or simply 'course', these terms refer to the qualification you will be awarded upon successful completion of your studies.

Course unit – Also referred to as 'module', this refers to the individual units you will study each year to complete your degree programme. Undergraduate degrees at Royal Holloway comprise four full units, or a combination of full and half units, to the value of 120 credits per year. Mandatory course units must be taken by every student on the relevant degree programme. Some of these mandatory course units must be passed for progression or a particular degree title. On some degree programmes a certain number of optional course units must be passed for a particular degree title. H/EU – Different categories of students pay different levels of tuition fees. H/EU stands for students with Home or European Union fee status.

*Overseas* – Non-EU students are liable to pay the overseas rate of tuition fees, and are sometimes also referred to as international students.

### Section 4 – contact information

If you have any further questions, you can contact the Admissions team by email at <a href="mailto:study@royalholloway.ac.uk">study@royalholloway.ac.uk</a>.

Please note that this information is final at the time of publication o8/10/2015 and supersedes any previous information provided in publications or on Royal Holloway's website.
